**WHAT COLOR AM I? COLOR ME**

**I AM HUNGRY... WHAT WOULD YOU GIVE ME TO EAT?**

**I'LL TELL YOU A SECRET... SHHHH!**

**Do you know what makes us different from crocodiles? We have a U-shaped snout and crocodiles have a V-shaped snout.**

**NAME**

**WHAT KIND OF ANIMAL AM I?**

**HOW MANY BABIES DO I USUALLY HAVE?**

**HOW DO I GET AROUND?**

**IN WHICH HABITAT DO I LIVE?**

**AM I ENDANGERED?**

**ON WHICH CONTINENTS CAN YOU FIND ME?**

**I AM HUNGRY... WHAT WOULD YOU GIVE ME TO EAT?**

**I'LL TELL YOU A SECRET... SHHHH!**

Unlike our closest relative, the raccoon, we are very social and our groups in the wild usually consist of up to 25 females.

**WHAT COLOR AM I? COLOR ME**

**NAME**

**WHAT KIND OF ANIMAL AM I?**

**HOW MANY EGGS DO I USUALLY LAY?**

**HOW DO I GET AROUND?**

**IN WHICH HABITAT DO I LIVE?**

**AM I ENDANGERED?**

**ON WHICH CONTINENTS CAN YOU FIND ME?**

**I AM HUNGRY... WHAT WOULD YOU GIVE ME TO EAT?**

**I'LL TELL YOU A SECRET... SHHHH!**

We can learn several words, and even if we are not understood as well as parrots, if you try a little you will be able to understand the words we say to you.

**WHAT COLOR AM I? COLOR ME**

**NAME**

**WHAT KIND OF ANIMAL AM I?**

**HOW MANY EGGS DO I USUALLY LAY?**

**HOW DO I GET AROUND?**

**IN WHICH HABITAT DO I LIVE?**

**AM I ENDANGERED?**

**ON WHICH CONTINENTS CAN YOU FIND ME?**

**I AM HUNGRY... WHAT WOULD YOU GIVE ME TO EAT?**

**I'LL TELL YOU A SECRET... SHHHH!**

**At night we climb trees to sleep in order to protect ourselves from predators.**

**WHAT COLOR AM I? COLOR ME**

**NAME**

**WHAT KIND OF ANIMAL AM I?**

**HOW MANY BABIES DO I USUALLY HAVE?**

**HOW DO I GET AROUND?**

**IN WHICH HABITAT DO I LIVE?**

**AM I ENDANGERED?**

**ON WHICH CONTINENTS CAN YOU FIND ME?**

**I AM HUNGRY... WHAT WOULD YOU GIVE ME TO EAT?**

**I'LL TELL YOU A SECRET... SHHHH!**

**Did you know that we sleep with our eyes open? We keep one eye open so that we can make eye contact with our partners.**

**WHAT COLOR AM I? COLOR ME**

**NAME**

**WHAT KIND OF ANIMAL AM I?**

**HOW MANY EGGS DO I USUALLY LAY?**

**HOW DO I GET AROUND?**

**IN WHICH HABITAT DO I LIVE?**

**AM I ENDANGERED?**

**ON WHICH CONTINENTS CAN YOU FIND ME?**

**I AM HUNGRY... WHAT WOULD YOU GIVE ME TO EAT?**

**I'LL TELL YOU A SECRET... SHHHH!**

**We are able to travel very long distances in the same day, thanks to our strong legs, which are made of very tough scale-like skin.**

**WHAT COLOR AM I? COLOR ME**

**NAME**

**WHAT KIND OF ANIMAL AM I?**

**HOW MANY EGGS DO I USUALLY LAY?**

**HOW DO I GET AROUND?**

**IN WHICH HABITAT DO I LIVE?**

**AM I ENDANGERED?**

**ON WHICH CONTINENTS CAN YOU FIND ME?**

**I AM HUNGRY... WHAT WOULD YOU GIVE ME TO EAT?**

**I'LL TELL YOU A SECRET... SHHHH!**

**We can turn our head 270° in each direction, and this is thanks to our complex blood flow.**

**WHAT COLOR AM I? COLOR ME**

**NAME**

**WHAT KIND OF ANIMAL AM I?**

**HOW MANY EGGS DO I USUALLY LAY?**

**HOW DO I GET AROUND?**

**IN WHICH HABITAT DO I LIVE?**

**AM I ENDANGERED?**

**ON WHICH CONTINENTS CAN YOU FIND ME?**

**I AM HUNGRY... WHAT WOULD YOU GIVE ME TO EAT?**

**I'LL TELL YOU A SECRET... SHHHH!**

**Did you know that we eat upside down? Our curved beak tilts downwards, so when we dip our head in the water we pick up the water and feed upside down.**

**WHAT COLOR AM I? COLOR ME**

**NAME**

**WHAT KIND OF ANIMAL AM I?**

**HOW MANY EGGS DO I USUALLY LAY?**

**HOW DO I GET AROUND?**

**IN WHICH HABITAT DO I LIVE?**

**AM I ENDANGERED?**

**ON WHICH CONTINENTS CAN YOU FIND ME?**

**I AM HUNGRY... WHAT WOULD YOU GIVE ME TO EAT?**

**I'LL TELL YOU A SECRET... SHHHH!**

**We are considered the second largest tortoise in the world, after the giant tortoises of the Galapagos Islands.**

**WHAT COLOR AM I? COLOR ME**

**NAME**

**WHAT KIND OF ANIMAL AM I?**

**HOW MANY BABIES DO I USUALLY HAVE?**

**HOW DO I GET AROUND?**

**IN WHICH HABITAT DO I LIVE?**

**AM I ENDANGERED?**

**ON WHICH CONTINENTS CAN YOU FIND ME?**

**I AM HUNGRY... WHAT WOULD YOU GIVE ME TO EAT?**

**I'LL TELL YOU A SECRET... SHHHH!**

We have no tail, so our long arms allow us to jump from branch to branch, and this movement is called "brachiation". Our jumps can be up to 8 metres from branch to branch.

**WHAT COLOR AM I? COLOR ME**

**NAME**

**WHAT KIND OF ANIMAL AM I?**

**HOW MANY EGGS DO I USUALLY LAY?**

**HOW DO I GET AROUND?**

**IN WHICH HABITAT DO I LIVE?**

**AM I ENDANGERED?**

**ON WHICH CONTINENTS CAN YOU FIND ME?**

**I AM HUNGRY... WHAT WOULD YOU GIVE ME TO EAT?**

**I'LL TELL YOU A SECRET... SHHHH!**

Some of us are able to fly up to 300km in a single day to feed and then return to the nest.

**WHAT COLOR AM I? COLOR ME**

**NAME**

**WHAT KIND OF ANIMAL AM I?**

**HOW MANY EGGS DO I USUALLY LAY?**

**HOW DO I GET AROUND?**

**IN WHICH HABITAT DO I LIVE?**

**AM I ENDANGERED?**

**WHAT COLOR AM I? COLOR ME**

**I AM HUNGRY... WHAT WOULD YOU GIVE ME TO EAT?**

**I'LL TELL YOU A SECRET... SHHHH!**

**Do you know what we have on top of our beaks? It is called "casque" and its structure is hollow or spongy. We use the casque to make our voice louder.**

**NAME**

**WHAT KIND OF ANIMAL AM I?**

**HOW MANY EGGS DO I USUALLY LAY?**

**HOW DO I GET AROUND?**

**IN WHICH HABITAT DO I LIVE?**

**AM I ENDANGERED?**

**ON WHICH CONTINENTS CAN YOU FIND ME?**

**I AM HUNGRY... WHAT WOULD YOU GIVE ME TO EAT?**

**I'LL TELL YOU A SECRET... SHHHH!**

**Our long, curved beak helps us to extract food from the mud, and because our nostrils are at the base of the beak, we can breathe even when our beak is submerged in water.**

**WHAT COLOR AM I? COLOR ME**

**NAME**

**WHAT KIND OF ANIMAL AM I?**

**HOW MANY EGGS DO I USUALLY LAY?**

**HOW DO I GET AROUND?**

**IN WHICH HABITAT DO I LIVE?**

**AM I ENDANGERED?**

**ON WHICH CONTINENTS CAN YOU FIND ME?**

**WHAT COLOR AM I? COLOR ME**

**I AM HUNGRY... WHAT WOULD YOU GIVE ME TO EAT?**

**I'LL TELL YOU A SECRET... SHHHH!**

**We are one of the few venomous lizards in the world.**

**NAME**

**WHAT KIND OF ANIMAL AM I?**

**HOW MANY EGGS DO I USUALLY LAY?**

**HOW DO I GET AROUND?**

**IN WHICH HABITAT DO I LIVE?**

**AM I ENDANGERED?**

**ON WHICH CONTINENTS CAN YOU FIND ME?**

**I AM HUNGRY... WHAT WOULD YOU GIVE ME TO EAT?**

**I'LL TELL YOU A SECRET... SHHHH!**

**Our beak is so strong that some of us can break coconut shells with it.**

**WHAT COLOR AM I? COLOR ME**

**NAME**

**WHAT KIND OF ANIMAL AM I?**

**HOW MANY EGGS DO I USUALLY LAY?**

**HOW DO I GET AROUND?**

**IN WHICH HABITAT DO I LIVE?**

**AM I ENDANGERED?**

**ON WHICH CONTINENTS CAN YOU FIND ME?**

**I AM HUNGRY... WHAT WOULD YOU GIVE ME TO EAT?**

**I'LL TELL YOU A SECRET... SHHHH!**

**We are able to reach heights of over 4km thanks to our ability to harness the rising plumes of hot air.**

**WHAT COLOR AM I? COLOR ME**

**NAME**

**WHAT KIND OF ANIMAL AM I?**

**HOW MANY BABIES DO I USUALLY HAVE?**

**HOW DO I GET AROUND?**

**IN WHICH HABITAT DO I LIVE?**

**AM I ENDANGERED?**

**ON WHICH CONTINENTS CAN YOU FIND ME?**

**WHAT COLOR AM I? COLOR ME**

**I AM HUNGRY... WHAT WOULD YOU GIVE ME TO EAT?**

**I'LL TELL YOU A SECRET... SHHHH!**

**We are professional diggers, digging underground burrow nets that insulate us from heat and protect us from predators.**

**NAME**

**WHAT KIND OF ANIMAL AM I?**

**HOW MANY BABIES DO I USUALLY HAVE?**

**HOW DO I GET AROUND?**

**IN WHICH HABITAT DO I LIVE?**

**AM I ENDANGERED?**

**ON WHICH CONTINENTS CAN YOU FIND ME?**

**I AM HUNGRY... WHAT WOULD YOU GIVE ME TO EAT?**

**I'LL TELL YOU A SECRET... SHHHH!**

To warn our companions of a potential predator we emit a sound very similar to barking, like dogs, which is why we have been nicknamed the barking deer.

**WHAT COLOR AM I? COLOR ME**

**NAME**

**WHAT KIND OF ANIMAL AM I?**

**HOW MANY EGGS DO I USUALLY LAY?**

**HOW DO I GET AROUND?**

**IN WHICH HABITAT DO I LIVE?**

**AM I ENDANGERED?**

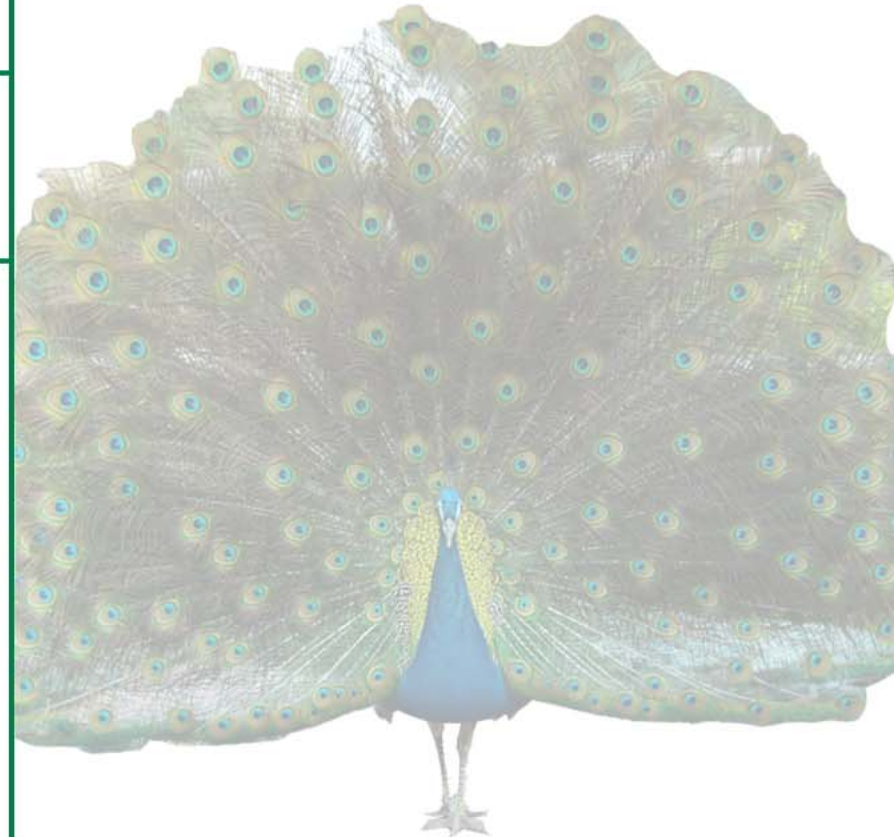

**ON WHICH CONTINENTS CAN YOU FIND ME?**

**I AM HUNGRY... WHAT WOULD YOU GIVE ME TO EAT?**

**I'LL TELL YOU A SECRET... SHHHH!**

**Only the males of my species have the large radiant fan on their tails, and they use it to impress and attract females.**

**WHAT COLOR AM I? COLOR ME**

**NAME**

**WHAT KIND OF ANIMAL AM I?**

**HOW MANY EGGS DO I USUALLY LAY?**

**HOW DO I GET AROUND?**

**IN WHICH HABITAT DO I LIVE?**

**AM I ENDANGERED?**

**ON WHICH CONTINENTS CAN YOU FIND ME?**

**WHAT COLOR AM I? COLOR ME**

**I AM HUNGRY... WHAT WOULD YOU GIVE ME TO EAT?**

**I'LL TELL YOU A SECRET... SHHHH!**

**Contrary to what many people think, our beak pouch does not serve to store food, but helps us to hunt.**

**NAME**

**WHAT KIND OF ANIMAL AM I?**

**HOW MANY EGGS DO I USUALLY LAY?**

**HOW DO I GET AROUND?**

**IN WHICH HABITAT DO I LIVE?**

**AM I ENDANGERED?**

**ON WHICH CONTINENTS CAN YOU FIND ME?**

**WHAT COLOR AM I? COLOR ME**

**I AM HUNGRY... WHAT WOULD YOU GIVE ME TO EAT?**

**I'LL TELL YOU A SECRET... SHHHH!**

**During our life cycle, which usually lasts between 25 and 30 years, we never stop growing. The largest species ever found was 5.5 metres long.**

**NAME**

**WHAT KIND OF ANIMAL AM I?**

**HOW MANY EGGS DO I USUALLY LAY?**

**HOW DO I GET AROUND?**

**IN WHICH HABITAT DO I LIVE?**

**AM I ENDANGERED?**

**ON WHICH CONTINENTS CAN YOU FIND ME?**

**I AM HUNGRY... WHAT WOULD YOU GIVE ME TO EAT?**

**I'LL TELL YOU A SECRET... SHHHH!**

**We are migratory birds, so when temperatures start to drop we fly south. We like to live in community, although in small groups.**

**WHAT COLOR AM I? COLOR ME**

**NAME**

**WHAT KIND OF ANIMAL AM I?**

**HOW MANY EGGS DO I USUALLY LAY?**

**HOW DO I GET AROUND?**

**IN WHICH HABITAT DO I LIVE?**

**AM I ENDANGERED?**

**ON WHICH CONTINENTS CAN YOU FIND ME?**

**I AM HUNGRY... WHAT WOULD YOU GIVE ME TO EAT?**

**I'LL TELL YOU A SECRET... SHHHH!**

**We are monogamous, i.e. we have only one stable mate for most of our lives. Can you tell us which other bird shares this characteristic with us? Hint: some live in a very, very cold climate.**

**WHAT COLOR AM I? COLOR ME**

**NAME**

**WHAT KIND OF ANIMAL AM I?**

**HOW MANY BABIES DO I USUALLY HAVE?**
